RE:	<u>Subpoenas - Document</u> <u>Production in Lansing</u>		

COMMENTS:

Please be advised that the *Calhoun County Health Department* will be producing its documents in response to the April 29, 1998 Subpoena at our offices in Lansing (directions to our offices are attached) tomorrow, 5/19/98 at 11:00 a.m.

The *Sheridan Township Supervisor*, Ken Lauer, advised that they could not find any documents responsive to this Subpoena (other than Minutes, which he invited us to come to their offices to review). Therefore, the noon document production is canceled.

The *Michigan Public Department of Community Health* responded with the two documents attached. They indicated that its documents were sent to the Michigan Department of Environmental Quality. Therefore, the 10:00 a.m. document production is canceled.

If you have any questions, please feel free to contact me at 616/336-6704.

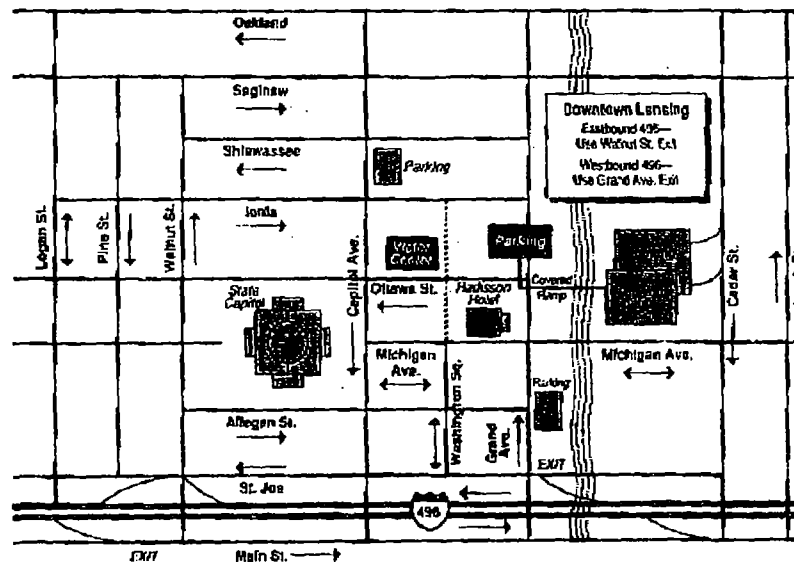

Faith M. Heikkila
Legal Assistant

From the parking ramp to The Victor Center:

The Victor Center and the parking ramp are in the same block on the North side of Ottawa Street. The Victor Center is approximately one block West of the ramp at the corner of Ottawa and Washington Square.

MICHIGAN DEPARTMENT OF NATURAL RESOURCES

INTEROFFICE COMMUNICATION

May 6, 1985

TO: Andy Hogarth, Chief, Remedial Action Section

FROM: Ron Kooistra, District Supervisor, Jackson District Office **OK**

SUBJECT: Albion-Sheridan Landfill

As per our discussions at this district office on 4/29/85, we are submitting this memo as a request for funding change for the above named facility. Gene Hall and I inspected this site in June of 1984. We walked throughout the entire fill area. The final cover on the fill was of available materials (sand and gravel). During our inspection, we saw no evidence of any hazard via direct contact.

Since this site is funded for fencing, we have concluded that this site should not be fenced and the funding be applied to another site. If you need any further information, please call me. We would recommend utilizing these funds for the Mosherville oil pit cleanup for which we plan to submit an RFA this fiscal year.

MEMORANDUM

TO: John Hesse, Center for Environmental Health Sciences
Michigan Department of Public Health

FROM: Gary Klepper, Chief, Site Assessment Unit,
Groundwater Quality Division

SUBJECT: Albion-Sheridan Landfill Proposed Funding

Attached please find a copy of a funding request change submitted by Ron Kooistra, MDNR, Jackson District Supervisor, for the Albion-Sheridan Landfill in Calhoun County. Please review this request and supporting site inspection observations in light of your Department's recommendations for interim response measures dated February 1, 1984. Based on these recommendations, it was proposed that \$82,500 be set aside for fencing at this landfill.

If your office concurs with Ron's request, not to fence the Albion-Sheridan Landfill, please forward a statement to our office modifying your position. If you have any questions or comments feel free to contact Ron Kooistra at 788-9598 or myself at 373-4800.
